Innovative Debt Solutions and risk management Approaches

Sector	Innovative Debt solution	Risk management Approach
WASH sector	▪ Pooled Financing ▪ Public Private Partnerships	▪ Climate resilient Infrastructure ▪ Community -Led Monitoring
Environment Sector	▪ Debt for Nature SWAPs ▪ Green Bonds	▪ Climate Risk Insurance ▪ Environmental Impact Assessments
Health Sector	▪ Results Based Financing ▪ Blended Financing for infrastructure	▪ Health Emergency Funds ▪ Digital Health Information Systems

APPROACHES TO SECURE POLITICAL COMMITMENT

1. Presidential and Ministerial Dialogues
 - ❑ Leveraging high-level political instruments like HoSI
 - ❑ Multi-stakeholder SWA Country Team meetings
2. Joint Planning under the Human Capital Development Program
 - ❑ Recognized sub-program for WASH
3. Parliamentary Standing Committee on Environment
4. Uganda Parliamentary Forum for WASH
5. Interministerial WASH Steering Committee
 - ❑ High Level – Permanent Secretaries
 - ❑ Involves Development Partners, CSOs, Private Sector

OUTCOMES OF THESE INITIATIVES

1. Integration into National Development Plans
2. Increased political visibility of WASH and WRM priorities.
3. Faster mobilization of concessional and private finance for integrated WASH and climate projects.
4. Better coordination across ministries, reducing duplication and improving efficiency.
5. Alignment of WASH and climate change priorities
